

# **Electronic Markets on robotics**

Ivan Petrakov  
836 MIPT 2021

# Agenda

- Division robots into two types
- Discussion of autonomy
- Application in real-life

# Division robots into two types

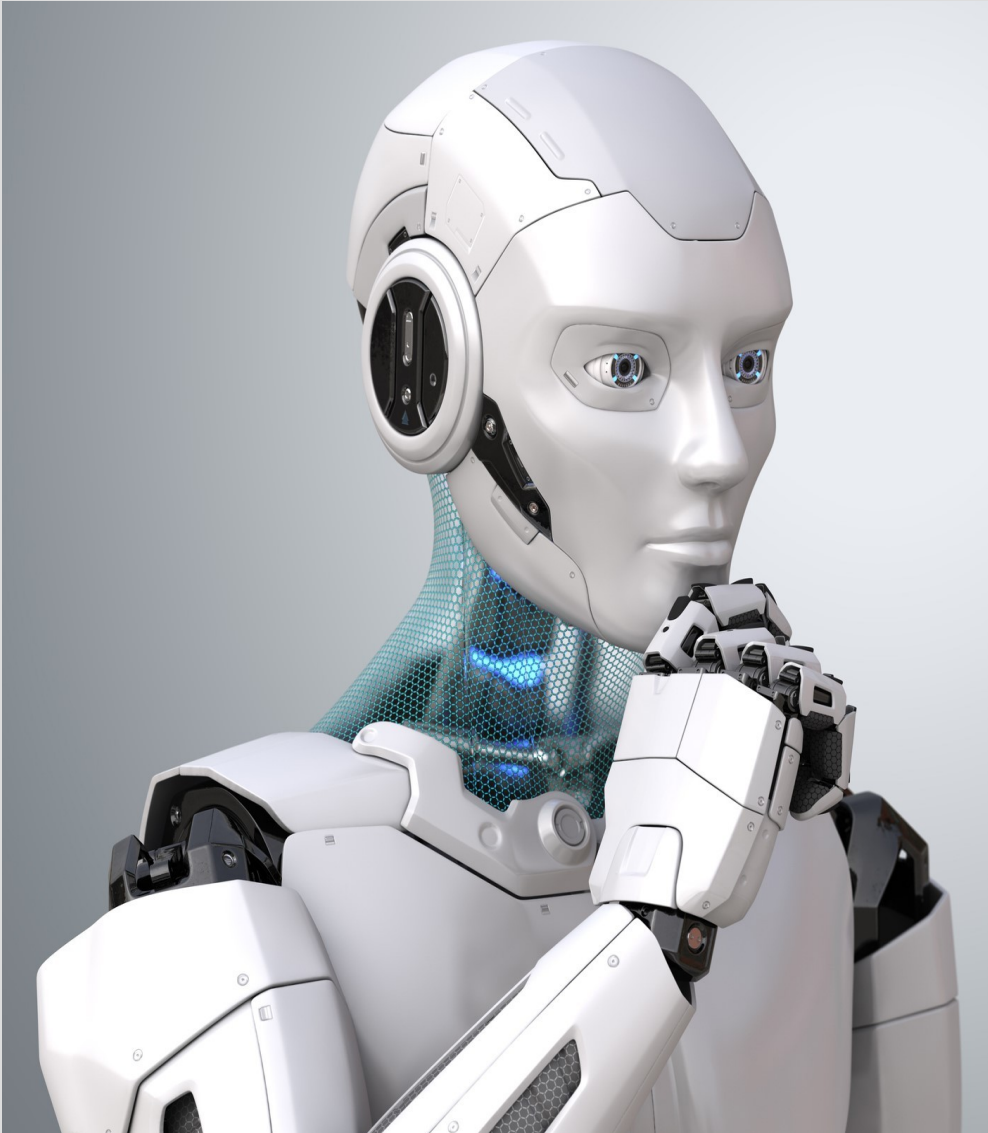

Hard robots

# Division robots into two types

Hybrids

# Discussion of autonomy

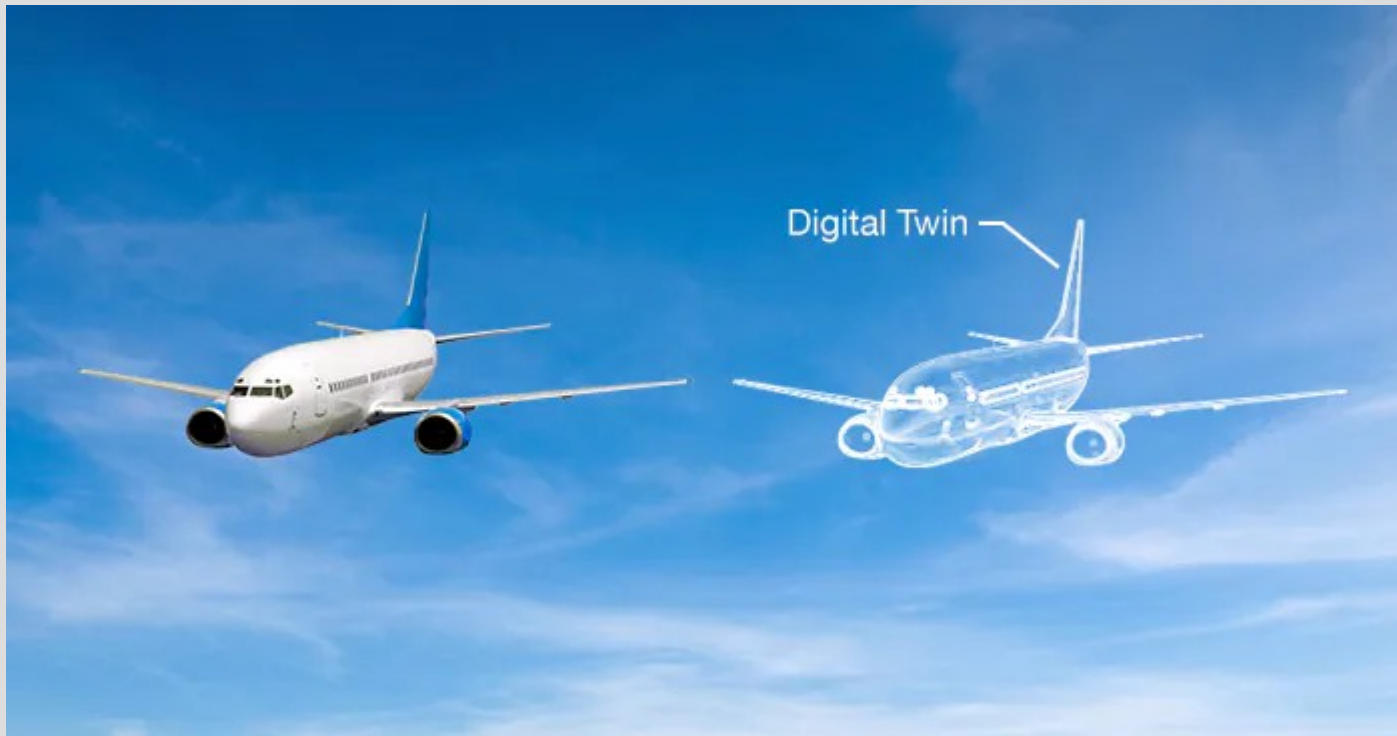

A thinking robot

# Discussion of autonomy

## Digital twin of airplane

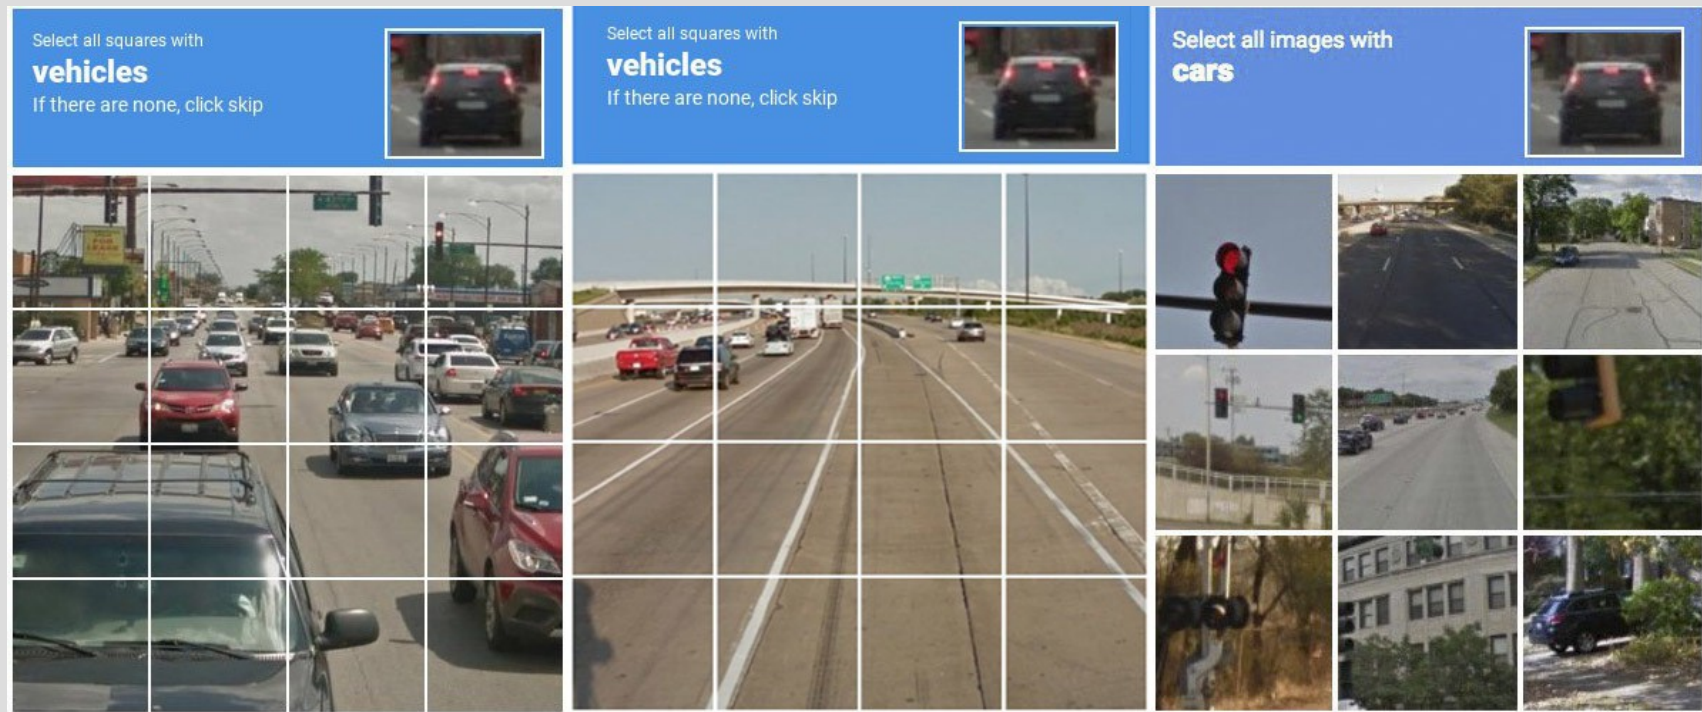

# Application in real-life

Wegree One robot secretary

# Application in real-life

Robot check

# Summary

- Divided robots into two types
- Discussed of autonomy
- Considered application in real-life
